THE OFFICERS ELECTED

F. OLIVER HON PRESIDENT

Liberal Candidates to Contest Every Riding in the New Province

Calgary, August 4.—The provincial Liberal convention was finished yesterday by the unanimous and enthusiastic adoption of a platform. A provincial association was formed with the following officers, Honorary president, Hon. F. Oliver; honorary vice president, S. W. Talbot, M.P.; Mr. Stewart, Malcolm McKenzie; president, A. C. Cushing, A. B. McDonald, A. B. Dickson; secretary-treasurer, C. A. Stewart. A resolution was adopted that a Liberal candidate be nominated in every constituency. The banquet last evening was excellent.

PETITION RE POUND

The following petition will be presented to the city council this evening at the pound.

To the Mayor and Board of Aldermen of the City of Edmonton:

Whereas a number of the undersigned residents and ratepayers of the north-eastern portion of the City of Edmonton, have for a number of years, been the owners and possessors of milk cows, used by them for their maintenance and support, and for the proper nourishment of their children,

And whereas by reason of a recent bylaw passed by your honorable board, your petitioners are restrained from permitting their cattle to run over or upon any portion of the City of Edmonton.

And whereas such bylaw has in the opinion of your petitioners, is unjust and unreasonable so far as it affects the particular locality hereinafter set out.

And whereas the said bylaw has in the past proven to be an incentive to unscrupulous persons and youths to inflict malicious injury and damage on some of your petitioners' cattle, and further acts as an incentive to young boys to drive your petitioners' cattle from out of the city limits to the Edmonton pound, to the great damage to your petitioners' cows, by reason of the immediate pace at which they are driven,

And whereas it is the opinion of your petitioners, residing in the locality hereinafter described, that the said bylaw be amended, excluding the portion hereinafter described, from and out of said herd district.

Therefore your petitioners pray that your honorable body do change and amend the said bylaw to exclude all that portion of the city of Edmonton north of McKenzie avenue, to a point where it intersects First street, thence north fifty feet along said First street, thence in an easterly direction along the southerly boundary of Isabella street and Third st., thence southerly along Namayo avenue to the southerly boundary of Fifth street to the town limits.

Your petitioners further pray that instead of the indiscriminate rounding up and impounding of your petitioners' cattle, by unscrupulous persons, that a regular poundkeeper be nominated and appointed by your honorable body who shall have the sole right to impound any cattle found running at large outside the limits above described.

And that the said official's salary be paid out of the funds of the municipality, and that all fines properly levied on impounded animals, be paid wholly to the city, and that no license or inducement of any kind shall be offered to any parties to run in or impound any cattle found running at large.

Your petitioners desire to state that this will not be construed to refer to any cattle found doing damage to property, and will not prejudice the right of the owner of any property so damaged, to impound said animal, and the city if it thinks fit, may collect for same, and your petitioners will ever pray.

MR HAULTAIN RENEGES

The Moose Jaw Signal quotes Mr. Haultain as saying during an interview:

"At Woodstock and also at London I spoke against religious and racial issues. I certainly do not believe in them and will do my best to keep them out of the arena of political discussion. What I did say was that the fight would not be a constitutional fight, I did not mean, however, that the question would be agitated by the people of the provinces as such. When a bill passes the Dominion Parliament it ceases to be a federal question and any points arising out of it can be settled only by the courts. They cannot be settled by any number of agitations or elections, the matter has resolved itself into a plain constitutional or legal question on which the most extreme supporters of the bills, as they passed, Parliament will at least admit that there is legitimate ground for difference of opinion. That matter can be settled quietly in the courts without any more agitation or raising of race and religious discussion than would be involved in any law case that might go so far as the judicial committee of the Privy Council. All I want decided is the legal question."

Respecting the now famous Moose Jaw convention Mr. Haultain said:

"Everybody at the convention and everybody else, including the editors of a few papers who say the opposite know perfectly well that I was opposed to the party lines resolution at that gathering. I spoke against it; I voted it; and in my declaration to the Legislature made within less than a month I openly declared my adherence to the non-party system. That statement was apparently satisfactory for I had the support of all the Liberals in the Legislature from that time until the last session."

This probably takes the prize. In one brief interview Premier Haultain endeavors to explain away the threat which he made in the chagrin of the party defeat and repudiates the resolution formulated by a committee of which he was a member and adopted by the Territorial Conservative convention at which he was elected Honorary President. Mr. Haultain takes the siding on the appearance of trouble almost as suddenly and quite as predictably as that other aspiring Conservative "Billy" McLean.

Not the least interesting phase of the situation is the plight in which Mr. Haultain places Mr. Revolution B. Bennett and the Calgary Herald. Whatever construction Mr. Haultain may lay upon his own words he will scarcely endeavor to interpret the fervent oratory of Mr. Bennett as prefacing a legal fight only. Mr. Bennett's promise to traverse the West with the speediest train at the disposal of the C.P.R. and to specify to the multitude on the enormous transgressions of the Federal Government was certainly anything rather than a promise to test the validity of the bills in the courts. When Mr. Haultain says the points at issue "cannot be settled by any number of agitations and elections" he serves notice upon Mr. Bennett that they have reached the parting of the ways. Mr. Haultain must therefore fight in Alberta without the assistance of Mr. Bennett or devote himself to settling in the courts the Bill affecting Saskatchewan leaving Mr. Bennett free for his revolution propaganda in Alberta.

No less rude is the joint handed the Calgary Herald which heretofore has been his supporter-in-chief in Alberta. For a month past the Herald has been proclaiming to the world that it sought not the success of the Conservative party but the creation of a popular movement in opposition to the autonomy bills, for avowed purpose of endeavoring to force from the Federal Government what the

Herald has been pleased to call "Provincial rights." To this Mr. Haultain says: "I did not mean, however, that the question should be agitated by the people of the provinces as such."

All I want decided is the legal question. Mr. Haultain is apparently out of line with the Herald's program.

Having thus disposed of both his hand organ and the accompanying performer the assumption is that the crusade will be seen no more in the regions which are favored by the tunes and the antics of which he disapproves. As for the Honorable Gentleman himself his late revocation is likely to accomplish little save the destruction of whatever reputation he may have enjoyed for responsibility of utterance and firmness of action. It amounts to a confession of either weakness or insincerity. If after a decade of public life Mr. Haultain is unable to make clear in a deliberate utterance given for publication whether he presages a constitutional struggle in the courts or threatens a public agitation he should leave the handling of such matters to those better qualified; if Mr. Haultain's interview at Woodstock meant what it purported to mean the vacillation displayed in its withdrawal displays a lack of confidence and courage ill-becoming a politician.

As to Mr. Haultain's pronouncement regarding the Moose Jaw convention it contains no excuse for his acceptance and maintenance of the position of official head of a political organization with the policy of which he declares he was diametrically opposed. If Mr. Haultain held the office while repudiating the policy, he endeavored to deceive the Territorial Conservatives who elected him to the office and formulated the policy; if he held the office and approved the policy he is now endeavoring to deceive Territorial Liberals with the connivance of Territorial Conservatives.

The statement that the Premier "had the support of all the Liberals in the legislature from that time until the last session" is the truth, but by no means all the truth. He has had such support for nearly a decade and will have it until the close of the present Territorial Legislature. The Liberal members of the Assembly were elected regardless of party lines and on that basis faithfully supported Mr. Haultain regardless alike of the fortunes of Territorial Conservatives and the announcements of the Territorial Premier. If Mr. Haultain called a session of the Assembly tomorrow he would be sustained or condemned by the Liberal members of that Assembly on the strict basis of the non-party platform on which they were elected.

THOSE UNFORTUNATE LUMBER MEN

It now appears that so far as from the American lumbermen invading the Canadian Northwest market and slaughtering the price to a poverty scale, British Columbia lumber is to be shipped around a continent and invade the home market of the American lumbermen. An article in a recent issue of the Vancouver Province says:

What will be the first industry of importance to be established on the west coast of Vancouver Island is now assured through the investment of Eastern American capital on a plan that will be of special interest to business men of Vancouver.

Mr. E. G. Pike, formerly a lumberman of Duluth, Minn., is in Vancouver today making the preliminary arrangements. He is general manager of the Sutton Lumber and Trading Company, which has large holdings of timber in the vicinity of Clayoquot, seventy-five miles northwest of Victoria. The plan of the company is to erect a sawmill there, specially for the development of the cedar timber on the lands held by the company.

The chief feature of the scheme is that the timber will be cut into rough lumber in the mill to be erected, and will then be shipped around the horn in sailing vessels to New York, for the trade of the New England States. There the British Columbia product will come into competition with the white pine of the Southern States, which is now shipped to the Atlantic seaboard in large quantities.

When next the B. C. lumbermen appeal to the patriotism and mercy of the Northwest farmer for a higher duty, it will have to be on some other pretext than those of the ravages of the American lumberman in the home market of the British Columbia producer.

THE NEWS OF THE DAY

IN CONDENSED DESPATCHES

Brief Items from many sources tell the story of the day's events.

A SURPRISE FOR THE JAPS.

Tokio, August 4.—Russian torpedo boat destroyers from Vladivostok attacked a Japanese merchant-man, killing the captain and some of the crew. The ship, however, escaped the pursuers.

THIRTY MEN KILLED.

Kington, August 4.—Thirty men were killed in an explosion at the dynamite works at Esopus.

STOLE DIAMONDS IN DAYLIGHT.

Brandon, Man., August 4.—Matthews & Millett's jewellery store was robbed of \$5,000 worth of diamond rings in broad daylight yesterday. Millett was in charge of the premises at the time and taking a fancy to go to the fair grounds he locked up the shop. This was about 4 p. m. Immediately after he went, a thief, who had apparently been watching his movements, went to the back of the store and with a pipe of an old radiator, smashed a plate glass window, entered and took the rings as well as other trinkets of lesser value. He then bolted through the back part of the bowling alley next door in full view of the people and made off down the C. P. R. track and was soon lost to sight. Later in the evening he was caught near the station. No jewels were found on him. He refused to give his name.

—The "Capitals" had a full practice last evening.

—The Public Hospital building has been re-painted.

—Fort Saskatchewan fair takes place on Wednesday next.

—Wetaskiwin defeated Calgary 4 to 3 at baseball in Calgary last night.

—Mr. and Mrs. J. Sommerville gave a private lawn party last evening.

—The program of the Dominion Fair, New Westminster, has been issued.

—The delegates to the Calgary convention are expected to return tomorrow.

—Dr. Barrow has opened an east end office on Ninth street east of Nampa.

—Rouleau, Regina and Moose Jaw are to be connected by long distance telephone within two months.

—The Alberta Electric Co. are removing to-day to their new rooms opposite the Hudson's Bay block.

—The lightning last night slightly damaged the telegraph apparatus and press despatches were considerably delayed today.

—Colin Fraser's shipment of furs are being examined by the buyers at Revillon Bros' warehouse and bidding will probably take place on Monday.

—The Presbyterian vs. Methodist ball game failed to materialize last evening. The former team played the juniors.

—There was a small turnout at the lacrosse practice last evening. It is understood today that if the attendance at practices does not improve the proposed Lethbridge trip will be called off.

—The Stony Plain constituency is represented at the Alberta Liberal convention by S. J. Truscot, Inga, Jacob Miller, Stony Plain, J. Larue, Winterburn, and Jno. A. McPherson Spruce Grove. Mr. McPherson is also acting as proxy for three others.

—Calgary Albertan: Hon. F. W. G. Haultain came down from the north Tuesday afternoon and left for Regina the same night. While in the city Mr. Haultain held a conference with the Conservative leaders, but what was done at that meeting has not been divulged. It is understood the Premier will attend the Conservative convention to be held at Red Deer commencing August 15.

—The chairman of the parade committee intimates that his committee will be glad of assistance in making the parade in celebration of the assumption by Alberta of Provincial dignity, an imposing affair. If any organizations wishing to assist will communicate with the secretary of the parade committee, Mr. W. A. Griesbach, the committee will be glad to make a place for them in the parade. It is understood that several organizations outside the city have already volunteered their services.

—The Secretary of the Board of Trade yesterday received some magnificent samples of wheat, oats, barley and timothy from Mr. John McPherson, of Spruce Grove. The representative of the New York Evening Post was in the office discussing agricultural capabilities of Central Alberta when these samples arrived and was considerably interested in this evidence of the fertility of Edmonton soil. When standing alongside of a bundle of Mr. McPherson's oats several inches of the oats were visible above the head of the correspondent. Notwithstanding the rank growth of these samples, all are well advanced towards maturity, and Mr. McPherson will have everything cut before there is any danger of frost.

—An item of interest to lacrosse players in Strathcona and Edmonton appeared in the Winnipeg Free Press on Tuesday evening, August 1. In speaking of an approaching game between the Pegs and Fort William: "There will be another new face on the Winnipeg home end in Billy Pearson. He is a frail little chap weighing about 190 pounds, and at inside home he is liable to be a nuisance to the opposing defence. Billy comes from a town that has turned out a lot of good lacrosse players, Arnprior, Ont., and he makes the fourth Winnipeg man that claims that burg for his home, the others being Captain Weldie Clark, Jimmy Murphy and Morrison McBride." This is the "Billy" Pearson who earlier in the season played with Strathcona. Oh, what an awakening for that Winnipeg bunch!

The Cream Separator
that is the
Cheapest in the End.

There are some folks who are ever-
lastingly trying to get "something for
nothing." They buy a wagon at a "bar-
gain" price because the agent says it's
"just as good." And then, after a few
months, when the tires and spokes have
all loosened up, they cuss the wagon.

Price not the only Difference.
It's the same way with cream separa-
tors. You can buy many other separa-
tors for less money than the U. S.
Cream Separator sells for, but before
you've finished paying for the experi-
ment you'll find price isn't the only dif-
ference. The cheaper separators soon
get out of adjustment because built of
cheaper material by inferior manufactur-
ing methods; they consume twice the
necessary amount of oil; they have a
bowl that will not run true, and does
not skim clean. The repairs in the
first few years would pay the difference
for the U. S. Cream Separator.

Durability is Important.

The U. S. Cream Separator has stood
the test of time. Many of them have
been in use for 10 years, and cost less
than a dollar for repairs. They run easy,
skim cleaner than others, have a simple
bowl, enclosed gears, and a convenient
low supply can.

The Vermont
Farm Machine
Co., of Bellows
Falls, Vt., have
printed in a hand-
some booklet a
few of the thou-
sands of letters
from satisfied
users of the U. S.
Cream Separator.
This booklet will
save you money
when you buy a separator, and a post
card will bring it to you.

To insure prompt deliveries and to save
freight charges for their Canadian cus-
tomers, they ship from their warehouses
at Montreal, Sherbrooke, Hamilton,
Winnipeg, Calgary and Vancouver, but
all letters should be addressed to
Bellows Falls, Vt.

WESTERN NEWS NOTES

Advisers from Hakodate state that the Japanese sealing schooners Hokusei Maru and Koyei Maru last reported in May off Volinia Island engaged in pelagic sealing, are long overdue and believed to be sunk by Russians at the time other sealing schooners were destroyed. There were four Canadians and one Norwegian hunter from the Pacific coast on the Hokusei Maru. Their names were Robert Findlay, Chas. Grant and William Williams, of Victoria, B.C., Fred Cockrane, of Toronto and H. Jacobson, of San Francisco.

John McNeely of the Medicine Hat Milling Co., a few weeks ago, placed the wheat field of the Medicine Hat district for this year at 150,000 bushels. He states now that he is afraid the crop of June 29 may be responsible for him having to reduce his estimate by one third. Crops which looked good to him for thirty bushels to the acre, he thinks now will only yield twenty bushels. Even with a depression to this extent, however, the farmer will be quite satisfied and Mr. McNeely states that he has been told by many of them whose crops he has not had an opportunity of seeing, that the damage is more trifling than he thinks.

Corporal Barnes arrived at Moose Jaw on Sunday escorting Jasper E. Huntley, who was tried before Inspector Harris and MacGregor Rapelle, J.P., on the 27th inst., at Willow Bunch, and was committed for trial on two charges; first, bringing stolen property into Canada knowing same to have been stolen; secondly, stealing horses and altering the brands. Mr. Huntley figured very prominently as a witness in the Shufelt case recently tried at Regina as a witness for Shufelt. Huntley, it is claimed, is another member of the famous gang of horse thieves who have been operating on the borders of Big Muddy. The North-West Mounted Police are doing excellent work at this post and slowly, one by one, the outlaws are being rounded up. Corporal Barnes will take back to Willow Bunch another thief by the name of Lecala, who smuggled some horses across the line, and got as far as Moose Jaw before being captured by the police.

One of the Grand Trunk Pacific engineers is reported lost in the bush north of Sturgeon Lake in new Ontario in a country that is little known and has only water courses as finger posts pointing to or from the beaten path. The engineer's name is Deschenes and it is said he hails from down by the Atlantic. He was in charge of a party of about a dozen men and was entrusted with the task of making a preliminary survey of the section of country on the main line route north of Sturgeon Lake. The work has not been got under way yet and it was while he was making his first attempt to find a route that he became lost. On Monday at the head of his party he arrived at the north end of Sturgeon Lake and portaged horses to a smaller lake a short distance north, where camp was made. With two men Deschenes took a canoe and paddled across the lake to ascertain if a feasible portage could be had into a lake a little farther north. This task was accomplished with satisfactory results. Directing his assistants to return by the portage to the canoe and then await his coming, Deschenes, rifle in hand, started down the shore of the lake. Arriving at a point where the canoe had been left the men waited as directed. In the course of an hour they heard the report of a rifle, but the sound appeared to come from a point directly opposite to that taken by Deschenes. When the engineers failed to appear in the course of an hour, the men concluded that he was making his way to camp around the lake shore, and as it was drawing late they struck out for camp. Deschenes failed to put in an appearance that night. Soon of the next day passing without his coming, the entire party started out in search of him. Tuesday afternoon and all day Wednesday was spent in the search and on Thursday it was resumed, but no trace of the missing engineer. On Friday it was decided to send a man to the railway to notify the officials. The transman was despatched on this errand and he arrived at Prince Rupert on Saturday morning.

Ross Bros. Limited

ROSS BROS. Limited, are the Sole Agents in Edmonton for the Celebrated

Peters' Pump

Peters' Double Cylinder Force Pumps

The annexed cut represents our Double Cylinder Force Pump. This is positively the easiest working and most durable pump on the market. Its capacity is far greater than any other pump; and for a stock pump it has no equal. This pump is constructed with two solid brass cylinders and each one working independently, discharge their full capacity at every upward and downward stroke of the handle; therefore our pump will discharge twice as much water as any other pump with half the amount of labor. Its ease in operating is based on the fact that it has two rods, one on each side of the pipe, and the one balancing the other, overcomes all the hard labor in pumping water. A four-year-old child can easily operate the pump at a depth of 50 feet.

Its durability is far superior to any other pump for the following reasons:

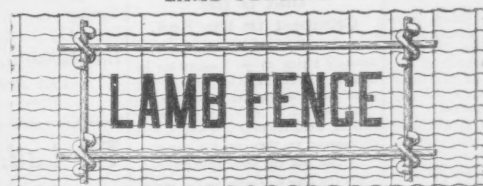

- 1 It has solid brass cylinders which do not wear out the leathers.
- 2 The cylinders being at the bottom of the well never lose their priming.
- 3 It has chilled valve seats which neither rust nor wear.
- 4 The leathers used for plungers and check valves is the very best obtainable.
- 5 It has no stuffing boxes.
- 6 The cylinders are stationary, working nothing but the plunger rods.
- 7 It having double the capacity of any other pump, requires but half the labor.
- 8 The pipes and rods used are all galvanized.

This pump can be fitted for six-inch bored wells with our special double cylinder.

We keep this pump in three different sizes as follows: 3 1-2 in. cylinders for 1-2 in. pipe, for stock wells up to 25 feet deep. 3 in. cylinders for 1-4 in. pipe, for stock wells up to 35 feet deep. 2 1-2 in. cylinder for 1-4 in. pipe, for stock wells up to 60 feet.

The capacity of our double cylinder pump is as follows: 3 1-2 in. double cylinders, 1300 Gal. per hour; 3 in. double cylinders, 1000 Gal. per hour; 2 1-2 in. double cylinder, 700 Gal. per hour.

In Woven Wire Fencing, we handle the well known
LAMB FENCING.

This Fence is made from the best hard steel galvanized wire, and is kept in 20, 30, and 40 rod rolls in sizes 24", 30", and 50" high. Any person can stretch this wire into place, and its staying qualities will withstand the greatest strain that can be brought against it. In its weaving it is expanded to its greatest tension, consequently it will not contract or expand on the posts. We also have it in ornamental style for front fences, gates to match.

Not expensive, though best in quality. Absolutely weather-proof, always ready for instant use. Requires no paint—nothing but a hammer to lay it. Tin caps, nails and cement for seams furnished without extra charge.

Write for illustrated booklet, gladly mailed upon request.

Dagos and Daxies

Free Press: There was a lively row in the north end last night when a couple of Italians created a sensation for a while by indiscriminate discharge of revolvers and an exhibition of general lawlessness. The first start was at the corner of Jarvis and Main, where quite a crowd had collected. These two started up Jarvis flourishing their guns and making all the residents duck for cover. On the way a burly negro was encountered who was more valiant than the rest of the pedestrians. Instead of leaving the sidewalk he walked up to one of the bad men and struck him a heavy blow on the nose, rather disfiguring it. Thinking he had quelled the row the negro walked on. After regaining his feet the dagos thus floored flinched for blood, and when another negro was encountered a few yards farther on he opened fire at short range. Fortunately the ball just grazed the black's face, who, rather than offer himself for a target again, took to his heels and has not been seen since. The two men then proceeded to a large Italian hotel on the corner of Burrows and Powers streets. By this time the police had been notified and Sergt. Newton and Detective Stodgill were sent out to round them up. The officers found the building to contain about twenty rooms and each room about five or six Italians. To make matters worse every light in the building was extinguished, and the police had to work by match light. The wild west men when found showed vigorous resistance, which, however, was useless, as they were handcuffed and brought to the station in an express wagon.

Dello Benoit and Petro Benoit, the bold, bad, hellacious gun-men, of last night, appeared as tame and subdued as frost-bitten geraniums when arraigned in the dock this morning. The waxed and shellaced mustachios of last night drooped and sagged like discouraged angle-worms. The demoralized Fra Diavolas were charged with disorderly conduct on the street. Each was assessed \$5 and costs of 10 days.

An Eventful Day on 'Change

Winnipeg, July 31.—The opening of the Winnipeg Grain Exchange on what was generally regarded as a fateful Monday, differed very little from any other.

When the bell rang at 9.30 Mr. Capel Tilt of James Carruthers & Co., called out: "I bid \$1.27" and the day had begun. Next \$1.31 was asked; then \$1.30 1-2; then \$1.28 was bid; \$1.30 asked; then \$1.29 bid; then 1.30 sold. This was for 10,000 bushels and was presumably bought by the James Carruthers people. Again \$1.30 was asked and \$1.30 bid. At this point Mr. Tilt bought a number of lots aggregating 57,500 bushels, at \$1.30, and the market remained stationary for more than half an hour, when Mr. Tilt again bought another 5,000 at \$1.30; this brought the time to 12.30, and the crowds began to gather in the board room; but there was no stir and no bidding.

At ten minutes to one Mr. Tilt bought another 5,000 at \$1.30 and immediately bid \$1.30. Another pause, and at 1.10 another 10,000 was sold to James Carruthers Co. at \$1.30; yet another pause; then \$1.31 bid; then \$1.31 1-2; then \$1.32; then 1.32 1-2; then \$1.33 bid, \$1.33 1-2; then \$1.34, then the bell was rung.

Mr. Robert Muir rose and addressing the manager of the clearing house, said:

"I understand that the rule is that trading at this board shall be between the hours of 9.30 and 1.15 p.m. Am I correct?"

Mr. Fowler: "I don't know, I am going to close in the usual way, give me a tid for July wheat."

Mr. Muir: "I protest against the recording of any more bids, as it is now one minute after fifteen."

Mr. Tilt: "1.30." and Mr. Fowler said "closed" and the fateful July operation was of the past.

August wheat was closed at \$1.02 bid and murmurs of "that proves the corner," were heard on all sides. Shortly before the close October was rather active, several sales taking place at 80, or 1-4 over Saturday's close.

Many faces not usually seen at closing time appeared on change this morning. Among them were, W. A. Black of Ogilvie's; G. V. Hastings of Lake of the Woods; J. E. Lanigan, of the C. P. R.; Geo. H. Shaw, of the C. N. R.; Hon. Robt. Rogers; Pocock, Miller, Emerson, G. J. Bury. It was a most representative gathering, the agricultural, manufacturing and railway interests, the church, the state and the press were all present, for a most unusual circumstance, a clergy-

man drifted in merely as a guest and stayed to see the close. There was no noise, no excitement, but some of the faces were very strained, others merely curious, and the last bid of \$1.35 made a loss of \$2,500 to someone.

Mr. Robt. Muir, of Muir & Co., seen at the close of the market this afternoon, said: "I have nothing to say beyond the formal protest made in the board room."

The News in Brief

Clearing house returns for the month ending July 31 show \$31,900,369; corresponding month last year, \$24,824,569; corresponding month in 1933, \$20,400,874.

Charles E. George of Toronto Junction, was found dead in his bed, Saturday night, with the left side of his face and head almost completely blown off. A double barrelled shot gun was found, held by the stock between his legs, and the barrel grasped near the muzzle with both hands.

During the past ten days the price of leather has been advanced 20 per cent. Quebec tanners notified the trade in Toronto on Saturday that they had cancelled all quotations. It

is expected that the tanners here will have to make a new schedule of prices. The present situation has arisen, it is said, from the large purchases of hides and leather for the Japanese government in the United States, which has limited the supply.

The privy council will hear the appeal of the Dominion Government against the judgment of Justice Anglin that the officials of the Pere Marquette Railway brought to Canada in violation of the Alien Labor law cannot be deported because of the Dominion lack of power to do so. The privy council granted the application of the Attorney-General of Canada for special leave to appeal the case against Chin and Gilhalla. Their Lordships said the Dominion must pay the respondents' costs in any event. The appeal is on a purely hypothetical case, as the court is not likely to give a decision within the statutory twelve months' period allowed for deportation.

—H. C. I.
—Edmonton celebrates September 1st.

—A light shower fell during the night.

—Canada's dog and pony show appears here to-morrow.

—Edmonton and Strathcona play lacrosse in Strathcona on Tuesday evening.

—The date of the civic holiday has not yet been fixed and it is possible it will be made Sept. 1st, thus combining the city's annual day off and the inaugural celebration.

—The Ladies' Aid of Grace Methodist church give a lawn social on Tuesday evening in the lawn at Mr. and Mrs. C. E. Morris' home at the corner of Namoo avenue and Eleventh street.

—Alberta: Miss Hubner Smith, a staff correspondent of the New York evening Post, was in the city Monday and Tuesday and went north to Edmonton yesterday. Miss Smith is writing up the Canadian West for the Post. She will also write several short stories regarding this part of the country.

—Vancouver Province: Mr. Wm. Green, of Red Deer, Alta., reached Vancouver last night and is now stopping with his brother, Rev. A. E. Green, corner of Pender and Thurlow streets. Mr. Green has spent the past twenty years ranching at Red Deer. He recently sold out his interests there and has decided to settle in Vancouver.

—Regina Standard: The rush for homesteads still continues. During the past month there were 1,110 entries. This number is 745 less than that for June, which was 1,365, this latter being only beaten by the 1,356 in June last year. The above represents a large amount of work on the part of the staff at the Dominion Lands Office, which is still crowded, though it is getting late in the season for homestead entries.

—"Under Two Flags" is being produced tonight at the rink theatre by request of many citizens and there should be at least one crowded house. The play has been a success with the company in every respect. At Vancouver "Under Two Flags" was also put on by request, and crowded the theatre for four performances, receiving the unqualified praise of all the critics. Saturday night will be the last appearance of Clara Mathes and her company in Edmonton.

—The bus containing the cricket eleven leaves Week's office to-morrow at 9 a.m. Play will begin at 12 noon. The ladies at the barracks have invited both teams to lunch in the C. O.'s quarters at 1 o'clock. The scorer and umpire for Edmonton are O. B. Beck and C. Lucas respectively. In these cup games each win counts two points. So far Edmonton and the Fort have each won a game. These teams and Strathcona are competing for the cup, and they all meet three times.

—Calgary Alberta: Two hundred staunch Liberals from every part of the Province of Alberta, from Athabasca Landing to the Crow's Nest pass, delegates to the Liberal convention which is meeting here to-day, are now on the spot to do business. The convention is called for 10 a. m. and as preliminaries have been satisfactorily disposed of, work will begin at that hour. It is not expected that the work of the convention will be completed today, and a session will be held tomorrow.
